"Words from the Commodore"
Commodore – Glenn Linke

Hello all

As you know we've been working on plans for renovations for the club for the last 3 months. We finally have a plan, and it was voted on by membership to go ahead with those plans. Unfortunately, the club will need to be shut down from November 1st possibly through March; we will make every effort to come up with alternate plans for meetings and Christmas party. More to follow on that.

Also, Andy Lino will be coming up with a date for a weekend to stain the clubhouse. A list will be posted for people that need work hours or would like to help with this project, which will probably be on Friday and Saturday and possibly Sunday coming up very soon.

I would like to thank Emily Williams, PC Don Connerton and PC John Krann for all their work on the renovation process. I also would like to thank the renovation committee for the many hours that have been spent on getting us to this point. I want to thank everyone that's been working hard around the club to make it a great place to party for the summer.

We have our Clambake coming up September 16th. A flyer was sent to everyone, and a copy of it is in this channel log. Mark your calendars for our comedy night in October--more to follow on that. Hopefully everyone will be around the club this weekend to enjoy, unfortunately, the last hurrah for summer; hope everyone has a great and safe Labor Day

See you around the club

Thanks for all the help keeping the house in order. There are still a few parties that we will need help with clean-up after and possible bartenders [check with Bonnie]. If anyone would like to help, please contact us and let us know. As far as personal parties in the club house, the club is not responsible for supplying foil, plastic wrap, plates, napkins etc. Please, if you have any questions about this, bring it up at the next members meeting.

Thanks
